

Directions for Signing into Google Classroom

All teachers will be using Google Classroom for online instruction, it is important that your child can access it.

STEP 1

Our first step is to ensure that everyone can log into your child's email. We **MUST** use this email, as the district is only allowing gasd.org emails to access Google Classroom.

On www.google.com in the upper right corner you should log into your child's "gmail" account.

Your child's gmail is: `firstname.lastname.graduation year@gasd.org`

Password: Your password is one of the following

- Racecar! (please use a capital "R")
- TEST12345
- GASD12345
- racecar!
- If none of these work, please reach out to your child's teacher

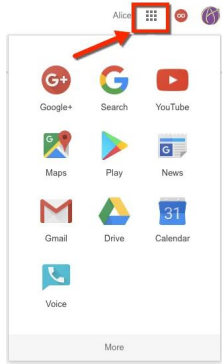

Ex. tara.ponzi.2032@gasd.org

Racecar!

Once you log in for the first time, it may prompt you to make a new password, please go ahead and do that, but please don't forget it!

STEP 2

Once logged in, you will see a "waffle grid" in the upper right corner.

When you click on it a bunch of apps will open (like shown).
First, we will set up the Google Classroom app which looks like this:

Click on that app.

Your teacher may have already invited you to a class. Just accept the invite on this page.

OR you may have to join using the code provided by your teacher
